

Calling all
CEOs!

Velg Training recognise that owning and managing an RTO goes beyond maintaining compliance and developing training and assessment materials. Business development, human resource management, marketing, innovation, and entrepreneurship all play their own part in the growth of a successful RTO.

In support of what it takes to run a successful RTO, Velg Training will be hosting the VET CEO Conference on 2 June 2017. The Conference program has been designed to address fundamental aspects of day-to-day RTO operations, as well as to explore critical components of future-proofing any business; strategy and planning, managing growth, and leadership.

The opportunity to hear from other leaders and to gain valuable insights into various approaches to key topics, is one no RTO CEO should miss.
