

Members Networking Breakfast: Effective Training Product Transition

Workshop information

In our annual Members Survey, our Members requested information sessions and we are continuing to provide these for you in 2017. These sessions are designed for you to enjoy a lovely breakfast and network with your VET sector peers whilst also listening to a timely and important VET topic all for a low cost! We hope you can join us there!

The implementation of the Standards for Training Packages has seen the review and release of many new and updated training packages in recent times. This has had a major impact on the delivery of nationally recognised training being offered by Registered Training Organisations (RTOs) with the frequent turnover of training products.

Key topics covered in this session

This breakfast session will provide:

- an overview of the requirements for transitioning to new training products;
- hints and tips for keeping on top of changes; and
- general discussion time for participants to share experiences about how they have handled the turnover of training products.

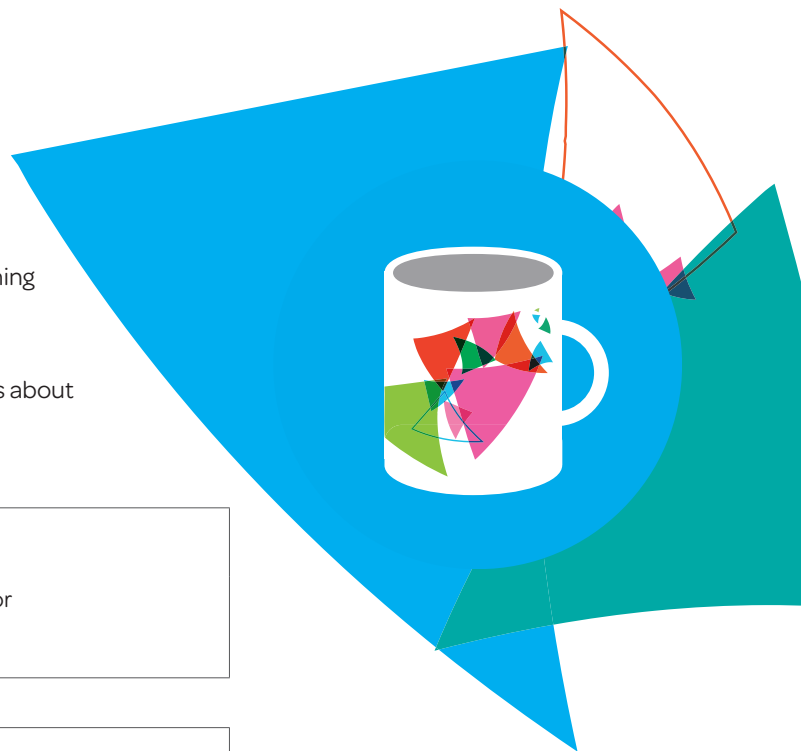

Who should attend?

- CEO/RTO Owner
- RTO/Compliance Manager
- Trainer/Assessor

Workshop includes

- Arrival tea and coffee & breakfast
- PPT presentation
- Additional electronic resources
- Electronic Statement of Attendance
